ORC-1070-61

copy 6 of 6

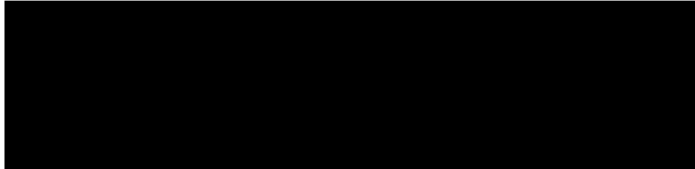

3 July 1961

MEMORANDUM FOR: Chief, Communications Staff, DFD-ID/P

SUBJECT: TWR Facilities for ORCACT Contractors

1. TWR facilities will be required during the third quarter of FY 1962 at the ORCACT contractors' plants listed below, in order to facilitate communications between these plants, this headquarters, the Project depot, Lockheed Aircraft Corporation and [REDACTED]

a. Pratt & Whitney Aircraft Corporation  
East Hartford, Connecticut

2. The volume of traffic is not anticipated to be large but, in our opinion the requirement to specify transmit classified messages relating to logistic support of the "O" Program justifies establishing these facilities.

3. Request you initiate the necessary action to establish these facilities. Recommend that progress on this action be included on the agenda of the biweekly ORCACT meetings.

[REDACTED]  
Deputy for Special Projects  
Material Staff, DFD-ID/P

CONCURRENCE:

[REDACTED]  
Chief, Development Branch  
DFD-ID/P
